# Step Up to the **EDGE**

## And Take Control!

This innovative new program puts you in the driver's seat to take control of your high school education . . . and beyond!

The EDGE Program gives you the flexibility and freedom to do all the things you want to do, but don't have the time. Like . . . go to Sanilac Career Center, get a job, take a college course, be in the band, retake a class.

### Get a head start on college!

Work hard through your high school credit requirements and you could be eligible to begin taking paid college courses while in the EDGE.

Even if it is just one subject, it is all up to YOU!

## How the EDGE Program works...

Choose your classes *and* how to take them. Take the classes you want online, or pick some at Peck High School and the Sanilac Career Center. That's the key -- you decide.

You also set the pace. Maybe you can fly through Algebra but you're going to need extra time on Biology. Enrolling in the EDGE Program allows you to adjust your schedule to your needs. As soon as you finish one online class and prove you know your stuff, you can start another.

The Edge is all about helping you be successful and reaching your goals -- whether that means making time for electives, the Career Center, work, family, graduating early, or getting a head start on college courses.

### Key Features...

You'll be a student in the EDGE Program, but you'll get all the benefits of attending Peck High School:

- Friends
- Sports
- After school activities/clubs
- Completion of all graduation requirements
- Access to vocational and technical training through Sanilac Career Center
- Elective classes
- Available breakfast and lunch from our award winning cafeteria
- Peck High School graduation activities
- Peck High School diploma

### Skills You'll Need to Succeed...

- Self Starting
- Good Time Management
- Follow Through
- Initiative

### Freedom to Succeed...

In the EDGE Program you'll have a lot of freedom, but you won't be alone. Everyone is assigned a "Mentor," a Peck High School teacher, to help coach you and keep you on track with your goals.

Teachers are available to help with course-work during the day and there's also online help.

Essentially, help will be there when you need it.

**Learn how to apply  
online at:**
